PLEDGES vs. PRINCIPLES.—General Taylor a fat office, with emoluments of five or six ponents, under their insidious approaches, says he will " make no pledges." Very well, they ever had offered in this market. thousand per annum, merely because he is a with the unmanly cry of "no party, but the General, do as you please about that, but give us your opinions. You said you would do How any man, whose destiny is cast in the that "at the end of the war"—and why is Sixth. Decidedly in favor of being considered a party candidate by the whigs, and a noparty candidate by democrats.—Lou. Dem. offers, if elected, to suspend the veto power and shrinks from no responsibility?"

A good hit .- We publish the following let-In our last paper, we gave the letter of John interest, and upon which the majority may be ter with pleasure. As we do not exchange against us, is to me a matter of the utmost as- with the Palo Alto we do not know whether our correspondent's letter has graced the col-" SILVERTON, (S. C.,) Sept. 1, 1848.

To the Editor of the Palo Alto: " DEAR SIR: Your paper has been sent to me by yourself, or some one else. If sent will be held at the undermentioned Land Offices gratuitously, I am obliged to thank you, or them for the kindness; but at the same time designated, to wit: must inform you that I do not want it.

" I am opposed to the election of Gen. Taythe office. To this objection it has been said, (Secretaries or Clerks of Departments, Whigs, of course, I suppose.) Why, sir, if the old man is not to be Boss himself, why not select one of the aforesaid Clerks to administer the government at once, and not have a Major General in petticoats as the nominal Executive -like old England, who has a woman in the same capacity. I think all such HEADS may he safely dispensed with-especially in our Republic.

"Respectfully, yours." AN IMMENSE BED OF GOLD, one hundred miles in extent, has been discovered in California, on American Fork and Feather rivers, tributaries to the Sacrimento, near Monterey. Mr. Colton, the alcalde of Monterey, states that the gold is found in the sand in grains resembling squirrel shot, flattened out. Some grains weigh an ounce each. It is got by washing out the sand in any vessel, from a tea saucer to a warming pan. A still person can gather an ounce or two a cay, and some even a hundred dollars' worth. Two thousand whites and as many Indians are on the ground. All the American settlements

to work on the farms. Mr. Colton says: "One man who resides next door to me, gathered five hundred dollars worth in six days. He has one lump which weighs over eight. an ounce. A trough such as you feed pigs in will bring in the gold region fifty dollars. Put a piece of sheet iron, punched with holes on it, and it will bring a hundred. My friend J. R. paid sixteen dollars for a little basket, and his companion gave twenty for a chamber pot

are deserted and farming nearly suspended .-

-all to wash out the gold in." More than twenty thousand dollars worth had been collected. Gov. Mason and his aid had gone to the district, which is five days' journey from Monterey. "The natives have one for gold, the sailors have run from the ships, and the soldiers from their camps, for the same purpose. The last vessel that left own hook; he may make less than that, but three. flour is worth \$32 per bbl.; 15 lbs. of Boston crackers, in tin boxes, \$10 a box; a cotton a common cradle trough, 12 feet by 3 wide, to | inclusive,) of range thirty-four. wash gold earth in, \$150; less than a day's work to make it."
